Dear Mr. Jaffe,

I would like to voice my support for docket 98P-0203/CP which would ban the forced molting of hens.

This practice deprives hens of food and water for weeks at a time, which kills many hens and causes survivors tremendous suffering. It has already been banned in Europe; the United States should follow suit.

Please do what you can to ensure the passage of docket 98P-0203/CP for the welfare of hens in this country.

Sincerely,

*fleur wiorkowski*
